Dear Mr. Mailey:

I want to acknowledge and thank you for your company's significant efforts in supporting Delphi Energy & Engine Management Systems during the strike this past summer. You responded to our needs with creativity, teamwork, and a sense of urgency; in a sense, just like an emergency medical team in a major hospital.

Many people, too numerous to mention, within the NuTech Plastic Engineering organization pulled together to meet and, in some cases, exceed our expectations.

I, again, want to express my personal appreciation to your organization for their outstanding efforts and contributions.

Sincerely,

Kenneth E. Szymczak
